WALKING AGAINST TIME.—The peaceable inhabitants of our peaceful town were thrown into commotion, on last Thursday, by the arrival of Mr. Wm. Singer, who had undertaken, on a wager, to walk from Jefferson to Ebensburg, a distance of nine miles, in one hour and a quarter. He came into town making very "good time," followed by a "coach and four," in which were seated the Judges. Of course his arrival was a signal for a stir, and old and young grave and gay, male and female, flocked to the "outcome," (Mr. Myers' sign post,) to learn the result. He had failed. Nothing wonderful in that, certainly.—Any other man might have done the same thing, but for this pedestrian, who had walked upwards of eighty miles in one day, to fall in anything like travelling was wonderful, and his failure was universally regretted. He had made the distance in one hour and thirty five minutes, and we venture the assertion that no man in the State can walk it in less, if in the same time.

GAME.—The impression is abroad that the mountain in this vicinity abounds with Game of all kinds. Now, we are no modern Nimrod, consequently we know nothing about it, personally, but, in order to enlighten the public, we will publish the report of the success of a days hunt by four gentlemen of our town, viz:

I Gray Squirrels.

When it is known that the gentlemen referred to were gone from "dewy morn till dusky eve," and were all "some" on "shoot," the conclusion will be inevitable that this is a good country to hunt in.

MUSIC.—We love music. We don't care whether it is made by a full band or a screech-owl, we love it and couldn't help loving it for our life. We were gratified, then, one day this week, by the arrival of two violins and a guitar, accompanied by three natives of the *Valleyland*, who played sweetly lengthily and deep. We are not jesting, reader, they did play well—very well, and if you don't believe us, attend their Concert at the Academy next Thursday evening, and judge for yourself.

NEW RAIL ROAD.—The New Rail Road over the mountain are almost completed, with the exception of the tunnels, and we have been informed that the Central Company will run a Locomotive over the road in the course of a couple of weeks. By the 1st of January the passenger Cars will run through from Philadelphia to Pittsburgh, avoiding entirely the inclined planes. So much for enterprise in Pennsylvania.

PLANK ROAD COMPLETED.—Messrs. Zahm & Murray, the contractors for completing the Jefferson and Ebensburg Plank Road, inform us that the same will be completed this evening. The portion of the road which they have built is very well made, and the expeditious manner in which they constructed it, proves that they are men who will not let workstick upon their hands.

ACCIDENT.—On last Tuesday the rope broke on Plane No. 6, when two sections of the road Geo. W. James, which was about half way up, came down, striking the other sections, and breaking into fragments a boat loaded with 1,000 kegs of powder, 200 of which were scattered about and are still lying loose on the track. The cars were detained in consequence of having to be pushed round the obstacle by hand.

EXHIBITION.—Mr. H. L. Swift, has been lecturing on Electricity and the Spiritual Rapping humbug, in our town several evenings during the past week. His lectures were well attended and the audience were delighted with the entertainment.

FATAL RAIL ROAD ACCIDENT.—Two men named Nasby and Ryan, residing at Bennington, were instantly killed on Plane No. 8 on Monday last. They were walking down the plane at the time and were watching the cars coming up when the safety-car going down caught them, mangling them in the most horrible manner. One of them leaves a wife and family.

DR. GEYSOFF'S IMPROVED EXTRACT OF YELLOW DOCK AND SARSAPARILLA. is a sure remedy for *Hepatitis Tonic.*

Thousands of individuals are cured with grievous complaints, which they inherit from their parents. The use of the *Yellow Dock and Sarsaparilla* will prevent all this, and save a vast amount of misery, and many valuable lives, for it thoroughly expels from the system the latent, which is the seed of disease, and so takes off the curse by which the sins or misfortune of the parents are so often visited upon the innocent offspring.

Parents owe it to their children to guard them against the effects of maladies that may be communicated by decent, and children of parents that have at any time been affected with Consumption, Scrofula or Syphilis, owe it to themselves to take precautions against the disease being revived in them. Guy's Extract of Yellow Dock and Sarsaparilla is a sure antidote in such cases.
